

NICK UGOALAH RIDER

Thank you for booking Nick Ugoalah. Below are some items that from our experience will help your audience receive the best program possible.

The day of your event

Nick will arrive early to do a sound/lighting check.

Microphone

Quality sound is Nick's number one tool. Good sound is EXTREMELY crucial to the success of your event.

Microphone in order of preference

- A lapel (clip-on) microphone.
- A handheld wireless microphone with microphone stand.
- A microphone with at least 50 feet of cord, and a microphone stand.

Audience

Please sit audience directly in front of Nick. If using a gymnasium, please only sit students on one side with the remainder on the gym floor or in chairs.

Water

Please provide Nick with 2 bottles of water.

Stage

If using an auditorium, Nick prefers an extremely well lit, open and empty stage. If using a gym or meeting room without a stage please provide a stage or riser in front of the audience so Nick may be seen.

Resource Table

Please have a table and chair ready near the area that Nick will be presenting, so he may offer some wonderful resources to the participants at your event.

Introduction

Please provide Nick's Introduction to the appropriate person who will be introducing Nick.

Workshop

If Nick is presenting a workshop; please provide Nick with a large room with seating in chairs and enough room for team building activities. Also be certain there is a quality sound system, microphone, one flip chart, and two black markers.
